**SUPPLEMENTAL STATEMENT IN SUPPORT OF PETITION FOR
UNINTENTIONAL ABANDONMENT 37 CFR §1.137(b)**

Sir:

Applicants herein provide a supplemental statement. Enclosed is a complete set of the documents timely submitted on August 1, 2001. This complete set includes a proper and complete response, certificate of mailing, a check for over the amount necessary, and a confirmation post card.

Since the area on the PTO/SB/64 form is limited, Applicants note that the above timely and proper response seems to have gone awry after submission. Upon the events below, checking our bank and accounting records, and the file itself; it is clear that our check no. 22246 has not been cashed and the confirmation postcard has not returned. Due to the circumstances surrounding mail submissions and responses in the recent past, we respectfully submit that this petition for unintentional abandonment shows Applicant's clear intent to timely respond to the outstanding Office action of February 1, 2001. It is Applicants experience that other submissions, of or about five months previous, have been recently received in other cases, and return postcards and checks either recieved late or unfortunately not at all. While this time delay period exists in a minority of cases, it is does occur.

OFFICE OF PETITIONS

Thus, Applicants were not initially concerned that no response from the Examiner or Office had occurred (nor check cashed nor post card received) other than the Notice of Abandonment, in this case for approximately 5 months. It is our normal practice to submit verbal or written Status Inquiries in cases from 6 to 8 months old, but with the recent events, even this time has been flexed through conversation with other Examiners.

Compounding this expected delay were the additional disruptions for New York and New Jersey mail and our late receipt of the Notice of Abandonment on or around the end of September or early October.

Our investigation indicates that upon receiving the Notice of Abandonment, the previous Agent for Applicants immediately contacted the examiner who indicated no receipt of the submission, but instructed Applicants not to be concerned since two plus month delays were not unusual due to the recent and continuing mail events at that time, and to check again in about two-three months (around December or year end). Unfortunately, the Notice of Abandonment was subsequently misplaced by the Agent in a location normally devoted to noncritical follow-ups. Upon our rediscovery of this Notice of Abandonment on or about January 15, 2002, the undersigned immediately called the USPTO on January 15, 2002 to ascertain whether the previous submission had been finally received and the Notice of Abandonment removed. In the subsequent few days, with additional phone calls and messages, the undersigned determined the above circumstances and submits our petition herein. It is Applicants respectful submission, that the approximate three and one-half months from receipt, on or around the end of September/early October of the Notice of Abandonment and our initial call to the Examiner, to our initial discovery of misplacement, rapid investigation, and the subsequent petition is a completely unintentional delay of sufficient showing under 37 C.F.R. §1.137(b). Applicants respectfully request grant of this petition and entry of the previously filed proper submission and continued prosecution in the instant case.

The requisite fee for such a petition, is herein enclosed or alternatively authorized for withdrawal from Deposit Account No. 13-4550. In addition, authorization is given to charge any

present deficiencies and return any overpayments to the same deposit account.

Applicants respectfully note that the instant application is a small entity status since a small entity submission was mailed on December 2, 1999 and the small entity receipt received from the PTO.

Applicants respectfully note that they will promptly respond to any phone or other inquiry.

Respectfully Submitted,

Andrew F. Young, Esq.
